Welcome

The 13th Annual EDDW
comes in 2015 with lots of changes !!!

A very competent joint postgraduate course between **ESEHG** and **WEO**. With live videoconferencing for very interesting diagnostic and therapeutic GI endoscopy.

Our interest in 18 round table discussions In Endoscopy, Gastroenterology and Hepatology will give a very good chance to young generations to be in direct contact with the International and National Faculty members.

There will be guest lectures, pharmaceutical symposia and special evening social gatherings. The international faculty members: Anthony Axon (UK), Jean Francois Rey (France), Patrick Kennedy (UK), Hakan Senturk (Turkey), Ibrahim Mostafa (Egypt) and Dianelle Duforest-Rey (France), will enrich the postgraduate course in addition to the core congress.

We hope that young endoscopists and hepatogastroenterologists will find their goals and hopes in this coming meeting...
