Dear colleagues

On behalf of the Board of the **Egyptian Society for the glaucomas (ESG)** it is my great pleasure to welcome you to the fifteenth annual meeting. ESG has succeeded to hold its annual meeting for fifteen years in Cairo, usually on October, without interruption in spite of any circumstances.

We have a full and exciting Scientific Program scheduled once again, including outstanding keynote speakers, symposia, and instruction courses. Guest speakers have been invited from Canada, UK, Germany, and Switzerland. During the past year, we have lost some of our beloved mentors and colleagues. Each symposium of the congress will be in the memory of one of them.

In this year, the instruction courses will extend for the whole two meeting days in a separate hall for skill transfer to young trainee ophthalmologists. To further encourage trainee participation, some courses will be directed for research in the field of glaucoma.

I hope you will find this congress rewarding with a useful experience.

Ayman El-Shiaty

President of ESG

PROGRAM AT A GLANCE

THURSDAY, OCTOBER 22, 2015
