

THURSDAY, AUGUST 28, 2008

State of the art Lecture

09:00 - 09:20

Chairpersons:

Abdel-Moniem Tawfik
Yousry Taher

Military Medical Academy
Alexandria University

Atypical GERD

Sherif Abdel- Fattah

Military Medical Academy

Viral Hepatitis C What is New?

09: 20-10:00

Chairpersons:

Ahmed El-Garem
H.W. Reesink
Hoda El-Aggan
Sherif Abdel-Fattah
Soheir Zakaria

Cairo University
Amsterdam Medical Academy
Alexandria University
Military Medical Academy
Cairo University

09:20-10:40 Noninvasive diagnosis and staging of liver fibrosis in HCV patients

Yehia El-Shazli

Cairo University

09:40-10:00 HCV update and future

Samir Kabil

Banha University

Schering Plough Symposium

10:00 - 11:00

Minimizing Barriers to Treatment

Chairpersons:

Gamal Sheha

Hesham El-Khayat

Sameh Labib

Samir Kabil

Yousry Taher

Mansoura University

TBRI

Cairo University

Banha University

Alexandria University

10:00-10:20 Treatment of non-responders and relapsers of HCV treatment

Mohamed Sharaf El-Deen

Tanta University

10:20-10:40 Comparable results of Peg Interferons in treatment of HCV patients

Moataz Seyam

TBRI

HCC: Scare At Home

11:00 - 12:00

Chairpersons:

Ahmed Shawki	Alexandria University
Ashraf Etabi	Alexandria University
Farouk Mekky	Alexandria University
Farouk Mourad	Assiut University
H.W. Reesink	Amsterdam Medical Academy
Mohamed El-Gendy	Alexandria University

Moderator:

Ashraf Omar	Cairo University
-------------	------------------

11:00-11:10 Introduction

HBV and HCV infections make liver a cancer time bomb
Yousry Taher **Alexandria University**

11:10-11:20 New therapeutic trend in HCC

Emam Wakid **National Liver Institute**

11:20-11:30 Interventional management of HCC: New trends

Ahmed El-Dorry **Ain Shams University**

11:30-11:40 Hepatocellular carcinoma: Five year experience Ain Shams Hepatoma Unit

Mohamed Shaker **Ain Shams University**

11:40-11:50 Surgical intervention for HCC treatment

Amr Helmy **National Liver Institute**

11:50-12:00 Do tumor characteristics and locoregional therapy predict survival after OLT in patients with primary liver malignancy

Mohamed Kohla **National Liver Institute**

**BMS Symposium****12:00 - 13:30****Recent Approaches For The Long-term Management of Naïve Chronic HBV****Chairpersons:**

Abdel-Rahman El-Zaiady
Amr Fateen
Helmy Abaza
Hossam Abdel-Latif
Yousry Taher

Ain Shams University
Ain Shams University
Alexandria University
National Liver Institute
Alexandria University

12:00-12:10 Chairmen's Welcome and Introduction**Amr Fateen****Ain Shams University****12:10-12:40 Preventing Resistance in Long-term CHB Management****Jamie Griffin****EMCL**

- Define resistance
- How frequently does resistance occur?
- What are the consequences of HBV resistance?
- Can resistance be prevented?
- Does rate of resistance affect first-line treatment options?

Interactive Session- Voting System**Moderator:****Amr Fateen****Ain Shams University****12:40-13:00 CASE 1:****Border Line Values- CHB-eAg Negative case****Yehia El-Shazly****Ain Shams University****13:00-13:20 CASE 2:****Chronic Hepatitis B patient- e Ag-ve****Therapeutic options for the long-term management of Chronic HBV e Ag-ve case: Which patients should be treated according to the AASLD, 07 guidelines and Keeffe****Emam Waked****National Liver Institute****13:20-13:30 Closing remarks**

Hoffman La Roche Symposium

13:30 - 14:30

Viral Eradication ; The Present Goal of Anti-HCV Therapy

Chairpersons:

Abdel-Rahman El-Zayadi

Ali Monis

Ayman Yousry

Helmy Abaza

Ain Shams University

Ain Shams University

Cairo University

Alexandria University

13:30-13:50 Who to treat and retreat for eradication of HCV

Seham Abdel-Reheim

Alexandria University

13:50-14:10 Impact of virological response on duration of therapy

Ibrahim Mostafa

TBRI

14:10-14:30 Impact of therapy on outcomes

Yousry Taher

Alexandria University

NycoMed Symposium

13:30 - 14:30

NSAIDS Induced Gastric Problems: Therapeutic and Prophylactic Role of PPIs

Chairpersons:

Gamal El-Ebeidy
Mazen Naga
Reda El-Wakeel
Serag Zakaria

Mansoura University
Cairo University
Ain Shams University
Cairo University

- 13:30-13:50** PPIs and NSAIDs gastric problems: Prophylactic and therapeutic roles
Taher El-Zanaty **Cairo University**
- 13:50-14:10** Safety of PPIs
Seham Abdel-Rehim **Alexandria University**
- 14:10-14:30** Refractory peptic ulcer
Amr Fateen **Ain Shams University**

Abbott Symposium

15:30 - 16:30

The Challenge of Functional Dyspepsia

Chairpersons:

Abul-Dahab El-Sahly

Esmat Sheba

Hussein Abdel-Hamid

Mohamed Ramadan Baddar

Yousry Taher

Cairo University

Cairo University

Al-Azhar University

Ain Shams University

Alexandria University

15:30-15:50 **Brain of the gut**

Osama Ebada

Alexandria University

15:50-16:10 **Functional dyspepsia still is a challenge?**

Mahmoud Osman

Ain Shams University

16:10-16:30 **New onset dyspepsia management**

Mohamed Tamer Afifi

Alexandria University
